1. Claims 1-32 are allowed over the cited prior art.
2. The following is an examiner's statement of reasons for allowance: None of the cited prior art disclose or teach an oscillator for outputting a first oscillating signal having a first period, and for outputting a second oscillating signal having a second period, wherein: during each period of the first period, the first oscillating signal presents a peak, a valley, a rising portion gradually increasing from the valley toward the peak, and a falling portion gradually decreasing from the peak toward the valley, and during each period of the second period, the second oscillating signal presents an instantly transiting edge which simultaneously occurs with one selected from a group consisting of the peak and the valley or an auxiliary signal generator, including an auxiliary output node coupled to a second power supply channel of the plurality of power supply channels, A sample-and-hold amplifier, controlled by the oscillating signal generator, having a non-inverting terminal and an inverting terminal, the non-inverting terminal being coupled to a reference voltage and the inverting terminal being coupled to the auxiliary output node; a sample-and-hold capacitor coupled between an output terminal of the sample-and-hold amplifier and ground, a voltage-to-current converter having a voltage input terminal and a current output terminal, the voltage input terminal being coupled to the output terminal of the sample-and-hold amplifier and the current output terminal being coupled to the auxiliary output node; a second output capacitor coupled between the auxiliary output node and ground', and a second switching means controlled by the oscillating signal generator and coupled between the auxiliary output node and ground.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Adolf Berhane whose telephone number is 571-272-2077. The examiner can normally be reached on Monday- Friday 8 AM to 6 PM.
